

## **100% Employment Outcome Information**

**North Fulton Hospital  
Briggs & Associates  
Fulton County School System  
Roswell, GA**

- 1. Name and location of Host Business site (urban, suburban, rural):**  
North Fulton Hospital, in Roswell, GA, Suburban area
- 2. Adult program or High School program:**  
Started with an adult program in November 2004; 9 Briggs & Associates consumers were hired on the same day. In 2007, we invited Fulton County Schools to come in with a student program.
- 3. How long has your Project SEARCH program been in existence?**  
The NFH Project SEARCH program has been in existence for seven years.
- 4. Number of students:**  
We have had 24 students hired through May 2011.
- 5. Number of Internal Hires:**  
Nine original adult hires plus eight subsequent hires (since the original) for a total of seventeen. Some were replacements for people who moved.
- 6. Number of External Hires**
  - a. 5 full time, 12 part time
  - b. 15 non traditional, 2 traditional
- 7. Day to Day Staff Breakdown (Teacher, how many job coaches)**  
One teacher, one para pro, one Briggs job coach
- 8. Job Development Process:**  
Briggs (SE provider) does the job development after observing students in rotations.
- 9. Strategies and events to ensure program and Intern success:**  
We are setting up a Business Advisory Group for this class with the start of next year's students (2012/2013) because of lack of hires for most recent class (2012 graduates). Until this time, we have just placed through routine Briggs methods.
- 10. Family involvement in Employment Planning Meetings:**  
ISP/Vocational Rehabilitation Meetings
- 11. Family Involvement overall:** Include families as a part of the team throughout the employment process and in long-term support. Also utilize family connections in job development process.
- 12. Marketing strategy overall for program selection and awareness:**  
Networking, networking, networking!
